Borders

and

Transborder Processes

in Eurasia

Edited by
Sergei V. Sevastianov, Paul Richardson, and Anton A. Kireev

Dalnauka
Vladivostok
2013

The collective work prepared by an international team of authors covers a wide range of problems of border studies within the space of the largest, culturally and politically diverse continent of the planet. Sections of the book are devoted to theoretical and comparative aspects of study of boundaries in Eurasia, the formation and historical development of the boundaries, as well as contemporary transborder processes and border policies. The publication is intended for specialists in the field of border studies, practitioners, teachers and students.

Keywords: border, border studies, transborder processes, transborder region, border policy, Eurasia, Northeast Asia.
